

# VISIT to "Tableau de Saint Fons"

with the international group of Prado Sisters on October 2011.

Father Chevrier came to Saint-Fons in a little house to take time to pray, to study Jesus Christ in the Gospel, to write.

Before a man gave him this little house, he came in some caves.

One malagasy Sister said:

*" Saint Fons*

*is a strong spiritual place*

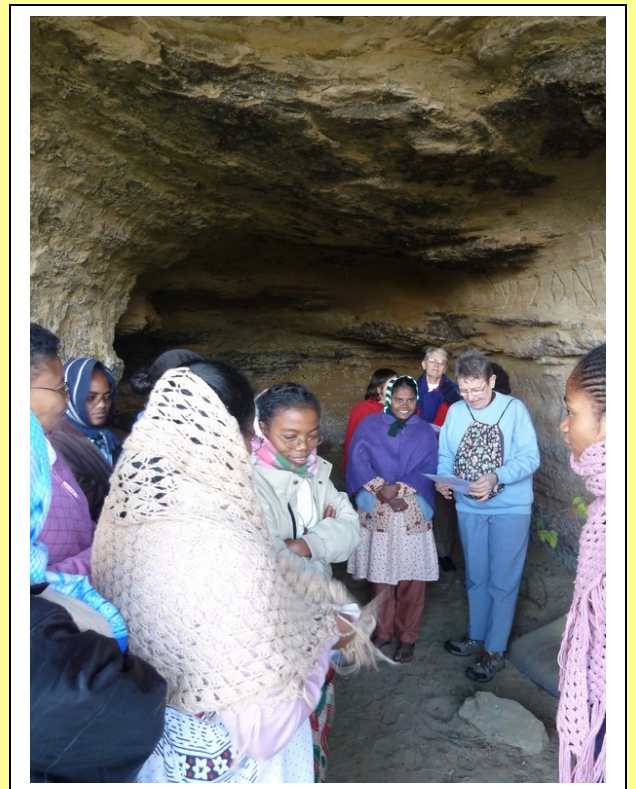

*for the Prado's Birth on 1856 Christmas.*

*What I have listened to in that place,*

*what I have seen, give me the conviction*

*that the Lord made His Work*

*in Antoine Chevrier' life."*

On 1866, Father Chevrier took time to pray with seminarists' group in that place.

On the walls of that house, Father Chevrier wrote

what is the most important for him

to become a priest following Jesus Christ,

and important for every people who wants to become

“ a veritable disciple of Jesus Christ” according to the Light of the Gospel.

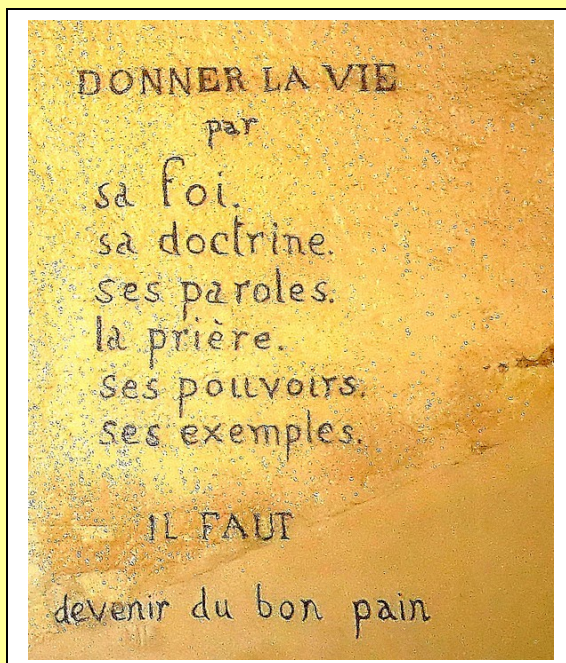

For Father Chevrier 3 Mysteries were very important :

CHRISTMAS , CROSS , EUCHARIST .

Father Chevrier said:

" These are the places where you have to go every day ..."

" These places are the 3 centres where every one must go to receive life, peace, and to meet God "

**This is one of the texts written on the walls.**
